OVERVIEW

Two-tone high-visibility safety vest with a fluorescent upper body and darker lower panel that helps conceal workplace dirt. Reflective silver bands around the torso and shoulders improve visibility in low-light conditions, while the polyester construction, practical pockets and front closure support everyday use.

KEY FEATURES

- ✓ Fluorescent upper with contrast lower panel
- ✓ Silver retroreflective strips at torso and shoulders
- ✓ Lightweight, breathable 100% polyester
- ✓ Front closure; zipper or hook-and-loop per variant
- ✓ Practical pockets for tools and identification

APPLICATIONS

- ✓ Construction and roadwork sites
- ✓ Warehousing, logistics and loading operations
- ✓ Traffic control, security and parking
- ✓ Industrial maintenance and field inspection
- ✓ Railway and utility maintenance activities
