WORK ENVIRONMENT

Construction / Logistics / Agriculture / Craftmanship

COMPONENTS

Steel toe cap Inox Impact resistant up to 200J according to EN 20345

TOP BASIC: Perforated insole in EVA and honeycomb fabric, breathable, anatomical, antistatic; it provides support thanks to different thicknesses along the entire plantar surface and ensures good breathability thanks to the perforation in the front part of the sole

DESCRIPTION

SUMMER is an entry-level safety footwear model, protection class S1P SRC, with perforated suede leather upper suitable for any working environment

PLUS

BI-GRIP: Compound that gives footwear lightness, comfort, and durability. The injection technology and the polyurethane used provide the sole with high slip resistance and excellent stability, even on uneven and slippery surfaces

BI GRIP BUILT TO STICK

STANDARD LABEL
