Mid-Plate
ADVANCE PS 3mm

Sole
X3

midsole: soft polyurethane
outsole: rubber HRO antitorsion

Toe Cap
UNICOMP®

Insole **UNISOFT®**

Insole composed by different materials with 3 different thickness for moisture dissipation. Excellent comfort, antistatic properties.

On the heel, a gel insert offers a better comfort.

The central part of the insole is more thick to allow a better support for the foot.
The front side is made by three material layers and by a vegetable fiber insert.

Hygienic and breathable, the moisture dissipation and absorption are simplified.
