ACTIVARMR™

97335

Comfortable heat protection for a variety of applications

Heat | HD Heavy Duty

Cotton terry loop gloves, granting superior thermal insulation

- **Increased defenses:** ActivArmr™ 97-335 thermal work gloves' cotton terry outer layer provides flexible heat resistance that does not hold on to heat, which results in excellent insulation and hand protection, allowing for intermittent contact with hot parts and materials up to 250˚C
- **Improved protection and durability:** These safety gloves possess a polycotton jersey inner layer that grants added heat protection and comfort while protecting hands from abrasion and cuts
- **Added features:** Owing to their extended cuff, ActivArmr™ 97-335 mechanical protection gloves ensure optimal forearm protection

Industries

- Automotive
- Glass manufacturing
- Transportation

Applications

- Rough casting and cores
- Welding
- Press work
- Stamping press shop
- Handling hot metal castings
- Glass repair and replacement

ACTIVARMR™

97335

Comfortable heat protection for a variety of applications

Key Features

- **Excellent thermal insulation:** Resistant to contact heat up to 250˚C
- **Good cut and abrasion resistance:** For durable hand protection gloves
- **Extended cuff:** Enhanced forearm protection, reduced injury risks

Performance Standards & Regulatory Compliance
